

Lions Club Night at the Cailloux Theater!

Hi, I'm Jeff Cunningham, Artistic Director of Playhouse 2000 in Kerrville Texas and I want to invite you to my theatre to take part in a special opportunity that we are calling "Lion's Club Night."

Saturday February 6th 7:30 at the Cailloux Theater in Kerrville, Texas

Several years ago, a fundraising consultant explained to a group of community theatre producers that it was always wise to pair our shows with organizations with a mission that related to the story being told. Its been proven that a well performed theatrical presentation will move the public and help call attention to an issue or a cause like nothing else can. (*We produced A.R. Gurney's " Sylvia" about a wisecracking dog looking for a home, and invited local humane societies and animal shelters to the theatre. Audiences were surprised and thrilled to find the lobby filled with dogs and service animals*)

Miss Bloch concluded her message with the warning...

"Never produce "The Miracle Worker" without getting your local Lion's Club involved."

Amy Goodyear as Annie Sullivan & Skye Lovelady as Helen Keller

With the help and advice of my friends at the local Lion's Clubs, Playhouse 2000 has organized "Lion's Club Night" in hopes of benefiting both organizations. On Saturday evening, February 6th, we will be donating \$5 of each adult ticket sold (\$15 tickets) to the Lion's Sight Research Center. Come enjoy a wonderful performance William Gibson's "The Miracle Worker" in the beautiful Cailloux Theater in Kerrville.

The donation applies to all tickets sold, not just Lions, so all Lions are encouraged to bring family, friends, children, and neighbors.

Playhouse 2000 receives free help from the Lions getting new folks into the theatre to see our shows.

The Lions see \$5 of every ticket sold that night.
